TERRIBLE BUSH FIRES.

Hundreds of People Burned to Death.

Most heartrending reports come from the Rainy River district in Northern Ontario and Minnesota, U. S., of a fearful bush fire Friday and Saturday last.

International Falls, Minn., Oct. 9.—A special to the Minneapolis Tribune says: Every settler in a distance bounded by the Rainy river and the Lake of the Woods north, to 25 miles south, and from Spooner and Beaudette east to Aar Road west, who is not accounted for, is dead, according to the most conservative information. No one now estimates the dead at less than 200, and the estimates run as high as the appalling total of 1000. Probably that is too high, but it is certain that the dead will reach close to 500. All wires are down, and not one train ran into Rainy River today, or came from there, so no information is obtainable.

TORNADO AT PITTS.

It was a veritable cyclone of fire as the village of Pitts at 2 p.m. yesterday afternoon. The wind was blowing 70 miles an hour, and the flames leaped from tree to tree with the speed of a hawk. It continued blowing a cyclone until 8 p.m. while it hit Beaudette, and fifteen minutes it struck Spooner. Between the towns, a distance of 15 miles, was a solid sheet of flame, 200 feet high. Men dropped in the streets from inhaling the heated air, and were blown off their feet by the high wind. The exodus from these two towns began six hours before the flames hit them. A few minutes after the flames hit the towns they were all ablaze. The wind even uprooted buildings and tore up trees yet untouched by the fire out by the roots. The tales of horrible suffering being brought by the refugees began narration.

RED DEER TEACHERS CONVENTION.

A GRAND SUCCESS THROUGHOUT

The convention held in the school on the 6th and 7th inst. was a successful one. The attendance was good, the papers presented prepared, and the discussions helpful. The key-note of the convention was making of men and women. This thought was prominent in every address and every paper. Less attention than usual was given to method, evolved by every teacher who has evolved by every teacher who has high ideals, correct aims, and a proper sense of duty, yet every paper was a model of the best.

The convention was opened by prayer, offered by Rev. W. G. Brown, Mayor McKee in a pleasing and humorous address, welcomed the teachers on behalf of the town; and Mr. R. L. Gaetz, in eloquent language, extended the welcome of the Board of Trustees. Mr. H. A. Malcom, of Innisfail, in the President's address, was extremely practical and helpful.

The first paper was presented by Inspector Boyce, his theme being simplified spelling. The presentation of this subject and the discussion following resulted in the framing of a petition to the Honorable C. R. Mitchell, Minister of Education, as follows:

To the Hon. C. R. Mitchell, Minister of Education, Education Department, Edmonton. Honorable Sir,—The prayer of your petitioners respectfully sets forth: Whereas the Simplified Spelling Society of Great Britain and the Simplified Spelling Board of the U. S. A. have organized a movement for promoting the simplification of English spelling, which is exercising a widespread influence in all parts of the English speaking world;

Whereas these organizations have enrolled among their members not only scholars and educators, but also men of letters and men of affairs, but also specialists in linguistic science; The Advisory Boards do not propose any radical or revolutionary scheme of reform or any sudden and violent change of English spelling, but desire rather to modify the rules and analogies of English spelling more certain, to extend them and enforce them, so as to get rid of needless exceptions and produce a greater regularity.

Whereas we believe that a reform of our present chaotic spelling would promote more efficiency in this branch of study, and would result in economizing the time and energy and in lessening the drudgery of the using generation and generation yet unborn; And whereas we believe that such reform would be especially advantageous to the foreign speaking people in our land, who are struggling to gain a knowledge of English. Therefore, we, the undersigned, respectfully petition you to appoint a select committee to inquire into and report upon the matter of simplification of English spelling.

A social hour completed the afternoon's programme.

FRIDAY

Friday morning's session was opened with prayer, led by Mr. E. Michener, M.P.P., and the first paper was read by Miss L. E. Legge, subject Domestic Science or Home Economics. Miss Legge explained minutely how this subject is taught in the public school, and set forth the value of this subject in the home and its importance in the development of the child. Some of the points noted were the gain in muscular control and practical judgment, the development of personal responsibility and the faculty of training cause and effect, and training in self-control, obedience and perseverance. She also claimed for it value as information subject, and made an appeal, on the ground of its importance, for the teaching of this subject throughout the Public School course.

Mr. Michener's address on patriotism brought into the convention the ozone of the foothills, the warmth of the chinook, the freshness of the ocean breeze, the force of the mountain stream and the uplift of the tidal wave.

He advised teachers, in order that they themselves be patriotic, to obtain a thorough knowledge of our country—its history and geography, its resources and possibilities, its authors and poets, its pioneers and statesmen.

He drew comparisons between Canada and other countries in respect to its great coast line, waterways, wheat producing areas, and timber areas, its latitude, climate, and ability to sustain an immense population.

He declared all this greatness nothing unless controlled by great men and women, whose most likely to come from our public schools, and extended upon the privilege and the responsibility of teachers to instill a national sentiment of loftiest patriotism.

The afternoon session brought a paper on Elementary History by Mr. C. H. Russell, of the Provincial Normal School. He pointed out the difficulties of the subject and the

causes of the unsatisfactory results obtained, and stated that the foundation of success is a well prepared trained teacher. There must be both scholarship and skill. He emphasized the importance of oral teaching and of skill in the art of narration, the use of judgment in selecting the most important things, and the necessity of daily preparation to give freshness, vivacity and impressiveness to the work.

He outlined a method of presentation of both English and Canadian history, advising careful observation of the causes and relations of events.

In order to make history real and vivid, he advised the use of maps, pictures, black-board sketches and supplementary reading.

For Standard II he recommended biographical stories of people of historical interest—stories of early history, the mounted police, the pioneers, and the ranching days; and for Standard III an introduction to civics, as the government of the school district and the local improvement district, leading up to the Provincial and Dominion Government, and the government of the Empire in Standards IV and V, in order that when a boy reaches manhood he may understand that he has a part in the government of the country.

He advised frequent discussion of events, as the Hague Tribunal, building of dreadnoughts and airships, South African Federation, Georgian Bay Canal, G.T.P. scheme, Hudson's Bay Railway, Emigration, etc., all of which may be related to events already recorded in history, and by this means teach that history is continually being made.

Mr. A. R. Gibson, in his talk on Citizenship, claimed that every student on the school course can be made a training to that end. He said that in the teaching of every lesson honesty and self-reliance must be kept in mind. He emphasized the tremendous force of the example of the teacher. The teacher must not lie. He must be both a truth-teller and a truth-lover. He must be courteous; he must be obedient to law. He must be willing to work. When he himself has put these qualities into practice, he may look for them in his classes.

Mr. Gibson drew attention to the work that can be done on the playgrounds by overseeing, directing, and sharing in the sports. He recommended the Boy Scout movement in conjunction with the work of the school, and claimed that these should produce strong, self-reliant, honest, useful citizens.

The social hour on Thursday afternoon was a new and pleasing feature. The concert Thursday night was a great success, and gave much enjoyment to the visiting teachers, for whose entertainment it was provided.

The officers for 1910 are as follows: Hon. Pres.—H. A. Malcom, Innisfail. President—F. L. Aylesworth. Vice Pres.—Mr. Grant; 2nd,

Miss E. A. Miller, B.A., Red Deer; 3rd, Miss L. E. Legge, Innisfail. Secs.—Treas.—Mrs. A. F. Wanless, Red Deer.

Advisory Committee—Miss B. L. Ward, Mr. McKee, B.A., Mr. Emerson, Miss Langdon, Miss A. Patterson.

Miss L. E. Legge was appointed representative of the Association to the elementary section of the Alberta Educational Association.

The evening concert was a grand success. Miss Stella R. Crocker, of Cumberland school district, and Miss Webster, of Edmonton, as outside talent, gave very great pleasure, while our home talent, as usual, gave us a glow of pride. The exhibition of the work of the Boy Scouts was very interesting. Mr. R. L. Gaetz presided with his usual grace.

BIG SHIPMENT OF SHEEP.

Men Cannot Live by Bread Alone.

Comparing exports from the United States for the expired 8 months, animals on the hoof have declined from \$27,000,000 in 1906, \$24,000,000 in 1907, \$17,000,000 in 1908, \$10,000,000 in 1909 to \$5,000,000 in 1910. This decrease has been steady for half a decade, and there is no present prospect of a revival. During the same period meat products declined from \$131,000,000 to \$72,000,000, the decrease meanwhile being at a steady rate. Owing to the consequent probability for high prices ruling for spring delivery on all meat products, Mr. Geo. F. Root, of Red Deer, and Mr. Chas. E. Brown, of Ponoka, are importing some 4,500 sheep, to be fed on their Ponoka farms. This importation consists of spring lambs and three, four and five year old ewes. Mr. Root expects to dispose of 500 of his. They will pass through Red Deer the last of the week.

Alberta's Exhibits Won Prize at Spokane.

(Innisfail Province)

Alberta won the grand state trophy for the best exhibit at the dry farming congress at Spokane, Wash. The trophy is a two hundred and fifty dollar silver cup given by the governor, Mr. E. Hay, of the state of Washington, for the best exhibit on the grounds.

Alberta was in competition with Australia, Colorado, Utah, Montana and many other exhibits.

Hospital Donations.

Hospital donations for August and September. Rev. Ad. Eustling, Waskia, Literature. Indian School—Vegetables. Mrs. Howarth—Flowers. Mrs. Cole—Flowers. Ladies' Aid—Window blind roller, mattress cover, half dozen bed spreads, 26 gowns. Balmoral Ladies' Aid—Making of one dozen and a half gowns. Alexandra Club—Paid for the sterilizer and surgical supplies, amounting to \$195.

FRANK MOTT,

The Reliable Auctioneer & Real Estate Agent
GAETZ AVE. NORTH.

There is an old saying, "Fools build, and wise men buy." Are YOU one of the wise? If so, take a minute and read this ad:

FOR SALE—A well finished Home, containing 7 rooms and entrance hall, fitted throughout with all the latest improvements, newly papered, and painted inside and out, and in a splendid situation on Fifth Street North. \$2,700—Only \$500 Cash, and good terms.

Or this one on Fourth Street North—A 7-roomed House, also entrance hall, furnace and electric light, and plenty of room for a bathroom. Each bedroom has a very fine clothes closet, the rooms throughout the house being large, and the basement partitioned off, so that a good vegetable cellar is insured. (A home fit for a prince.) \$2,400—Only \$500 Cash, and easy terms.

Is it a Business Corner you are looking for?—2 Lots on Gaetz Avenue, about two minutes' walk from Post Office, for \$5,000 Terms—can be bought for Cash.

FARMS FOR SALE. MONEY TO LOAN.

Are you thinking of holding a sale, and want it done well? If so—

LET FRANK DO IT.

Do you want FURNITURE or STOVES?—I can suit you.

1 have, also, 1 Bay Horse for sale, 12 years old, about 1,300 lbs. 2 Black Horses, 6 and 8 yrs. old, about 1,000 lbs. each, good workers, and will be sold cheap.

TO RENT—"WOODLANDS," a charming residence, splendidly situated on a hill overlooking the town; good water, with windmill for pumping same; stable, chicken house, etc.—Only \$20.00 per month.

BIBLE SOCIETY MEETING.

The annual meeting of the Red Deer branch of the Bible Society was held in the Methodist S. S. room on Wednesday evening, Mr. John McVicar presided. Rev. Mr. Campbell, Secretary for Western Canada, gave an excellent address on the work of the Society in China and Corea. The lecture was illustrated with views from Mr. Youmans, the Treasurer, reported that \$100 had been collected by the Branch the past year. Officers elected for the coming year were as follows: President—J. A. Carswell. Vice-Presidents—J. Malcolm, E. R. Hill. Secretary—G. W. Smith. Treasurer—J. A. Youmans. Executive—A. W. Wilson, J. McVicar, J. W. Broughton, R. P. Graham.

C.P.R. HAD VERY PROSPEROUS YEAR.

Montreal, Oct. 5.—At the annual
meeting of the shareholders of the
Canadian Pacific Railway company
today, the report of the directors
was unanimously adopted.

Lord Strathcona and Mount Royal,
Sir Thomas G. Shaughnessy and
Thomas Skinner were re-elected.
Resolutions were passed authoriz-
ing the lease of the following lines:
New Brunswick Southern railway,
St. Maurice Valley railway and
Kootenay Central railway.

BRANCH LINE EXTENSION
The issue of four per cent debenture
stock on account of branch lines
and extension of branch lines were
authorized as follows: Moose Jaw-
Outlook branch, Weyburn-Lethbridge
branch, Teulon-Stonewall branch,
Lauder-Griffin branch, Regina-Cole-
say branch, Crauen-Bulyea branch,
Kipp-Aldersyde branch, Langdon
branch, Snowflake branch, extension,
Virden-Moosley branch.

A resolution respecting the pur-
chase of stock of the Dominion
Atlantic Railway company was ap-
proved.

LARGE INCREASE OF NET EARNINGS

In moving the adoption of the
report, the president, Sir Thomas
Shaughnessy, said: "The twenty-
ninth annual report of the company's
operation and affairs is now before us
for consideration and approval."

"In round figures, the gross rev-
enue of your lines, exclusive of ocean
steamships, shows an increase as
compared with the previous year of
\$18,600,000."

"The working expenses show an in-
crease of \$7,700,000 and the net
earnings an increase of \$10,900,000."

"The actual result is somewhat
better than this, because the di-
rectors thought it wise to create, at
the cost of working expenses an ad-
ditional fund of about \$3,700,000, to
provide for maintenance of works of
any kind that were operated or com-
pleted in the current year."

OFFICERS ELECTED

At a meeting subsequently held,
Sir Thomas Shaughnessy was re-
elected president and David McNeill
vice-president of the company, and
the executive committee was ap-
pointed as follows: Richard B.
Osgood, David McNeill, Edmund B.
Osgood, M.P., Sir Thos. G. Shaugh-
nessy, Right Hon. Lord Strathcona
and Mount Royal, and Sir William
C. Van Horne.

WETASKIWIN STUNG AGAIN?

Red Deer May Get Yellowhead
Pass Route.

(Central Alberta, Wetaskiwin)

The startling announcement that
the Alberta Central Railway is mov-
ing on to the Pacific coast via
Yellowhead Pass has created consid-
erable excitement in this city. The
announcement is not altogether with-
out foundation, as the actions of the
Alberta Central in putting on extra
gangs of workmen and the employ-
ment of significance and it is
as many more, is amply sufficient
to convince Wetaskiwin people that they
have Red Deer to contend with in
terms of 200 teams, with a demand for
terminus of a great transcontinental
railway system.

Geographically, Wetaskiwin is the
centre of a vast wheat producing
belt, and an ideal shipping centre,
not excelled in all Alberta. This the
C.P.R. has been cognizant of for
some time, but the sudden move of
the Alberta Central has more than
their fight for the Central Alberta
thought this road will form a link
in a great transcontinental system
via Red Deer to the coast, that was
originally destined for Wetaskiwin.

The Red Deer city people have been
agitating something of this sort for
some time, and the rapidity of the
latest move has taken Wetaskiwin
by surprise, though it is felt the
opportunity is not lost yet.

The Alberta Central people have
been diplomatically chasing here
and there with uncertain results,
and less public knowledge of their
movements. They have been sub-
sidized by the Dominion Government
to the extent of \$6,400 a mile
with a total cost of \$31,000 a mile
on construction. Their present plans
consist of a line to Mountain House,
a distance of 70 miles from Red Deer
and thence onward to the coast. Dur-
ing the winter it is proposed to
brush the road bed along the entire
line and start the train service in
the spring.

It is up to the people of Wetaski-
win to do something to offset this
movement of the Alberta Central.
It is very apparent from the latest
authoritative advice that this road
is ultimately destined as a part of
one of the two great transcontinental
systems, unless something is start-
ed to change it. The C.P.R. has not
altogether forsaken Wetaskiwin and
may yet at the eleventh hour select
this city as its central Alberta ter-
minus.

BAREFACED REPUDIATION.

Ottawa, Sept. 24th.—When Sir
Laurier was in the west the east
stared in amazement at the free
trade policy he enunciated. Now
that he has returned the West is
staring in amazement at the repudi-
ation in the East of that free trade
policy. Everybody knows that the
Premier is a most unflinching polit-
ical dodger, but this example of his
prossess seems a little too much. The
West will hardly like it. He has
sized up the westerners as "soft
snaps" or greenhorns, persons easily
bluffed with "hot air," a bunch of
"swallow-it-alls." It is not very
complimentary to those men who
have made the West a great grand
country.

Let us examine the repudiation. In
order that there should be no doubts
it is better to quote from a Liberal
organ, the Halifax Chronicle. E. M.
Macdonald, a political chronicler,
who accompanied the premier on his
western tour, made a great speech to
his constituents at Pictou. Part of
his speech was devoted to the tariff,
and the Halifax Chronicle reports
him as follows:

Mr. Macdonald clearly enun-
ciated the policy of the Liberal
party as affecting the tariff ques-
tion. They had the same policy
in the West as in the East. The
people of the West did not want
free trade any more than those in
the East, and they ascertained
that the only shouting for free
trade in the West came from the
Tory camp. He believed that the
future of Nova Scotia was
wrapped up in the manufactures,
and there would be no tariff
changes to disturb them.

This will be news to the deputa-
tions which waited upon Sir Wilfrid
Laurier in the West, and received
promises and assurances that were
understood, not only in the West
but throughout Canada, in Great
Britain and elsewhere, to be free
trade promises. However, the Liber-
al leaders have come back from the
West ready to give a point blank de-
nial to everything said or done dur-
ing the tour. Mr. Macdonald also
denies his statements to a large
Lethbridge audience that they never
got a postoffice so long as they
voted Tory. Everybody knows
how Sir Wilfrid Laurier tried to
smooth it over, but the Premier
must have been dreaming when he
apologized, for "Mr. Macdonald
never said it."

Just one more quotation from
the Halifax Chronicle:

The motto of our neighbors to
the south has been to look out
for number one, and previous to
fourteen years ago it had been
almost the annual custom of the
Conservatives to send delegates
on tariff missions to Washington.
Now the order was changed and
the missions were from Wash-
ington to Ottawa, and Canada
through Sir Wilfrid intended to
look out for number one. Some
rough spots in the tariff would
be smoothed out; but no change
will be made that would interfere
with the British Preference or
with the vested interests of men
who had put their money in the
East. The policy, he declared,
was that the tariff would be
maintained as it is only remedy-
ing where it unduly presses.

Improvements at the C.P.R. Yards.

Three new sidings have been com-
pleted in the C.P.R. yards here, and
extra gangs are still busy installing
more. The capacity of the yard
will be increased to accommodate
200 more cars. All the engines on
the C. & E. line and branches north
of here are now being repaired in
Red Deer. New machinery has been
installed this year, including two
lathes, shaping machine, drill, etc.,
and an engine will be put in next
month. The roundhouse is badly
overcrowded and six more stalls will
be added in the spring. It is prob-
able that new coal chutes will also
be built in the spring, as the present
one is connected with the main line.

Local & General

J. G. Tennant has returned from
Toronto.

James Baird, who has been at
Carbon for the last few months, has
returned to take charge of the engi-
neering staff at the Western General
power house.

Mr. John Leary, of the Marconi
Wireless Telegraph Company of Lon-
don, Eng., is visiting Mrs. Leary and
her parents, Mr. and Mrs. C. Ham-
ilton. Mr. Leary will be in Red
Deer about a month, when he will
leave for the Fiji Islands and Aus-
tralia in the interests of the company.

Mr. Ward, of the Prudential Invest-
ment company of Vancouver, was in
town last week sizing up Red Deer,
with a view of establishing a plant
for the manufacture of semi-ready
houses.

The first of the winter series of the
ten cent teas under the auspices of
the Women's Guild of St. Luke's
church will be held on Wednesday
evening, Oct. 12th, at 8 o'clock, at
the home of Mrs. Stent, McLeod St.
or Fourth St. There will be a good
programme and tea for ten cents,
also home made cooking, butter
and eggs will be sold. Don't forget
the date, Wednesday evening at 8
o'clock, Oct. 12th. Everybody wel-
come.

PARLIAMENT AND
THE WEST.

The following article from the
Toronto News hits the nail on the
head:

"What do they know of England
who only know of Canada?" said Kip-
ling. What do we know of Canada
if we have not visited the western
Provinces? For some years the Gov-
ernment of Ontario has organized ex-
cursions into the North Country.
wisdom of this policy cannot be
doubted. Even yet we know far less
than we should of Northern Ontario,
and there may be something in the
reproach that the press has done less
than might have been done to ad-
vertise its advantages and exploit its
resources. As it is important that
the Legislature should know Nor-
thern Ontario, so it is important that
the Senate and House of Com-
mons should have first hand know-
ledge of conditions in the western
Provinces, the extent of territory,
the resources of the country, and the
needs of the people. It would be
high wisdom and sound business to
send the whole membership on a five
or six weeks' visit to the West at
the beginning of each new Parliament.
The excursions should be organized
by the Government, and as in On-
tario all party considerations should
be ignored. The seat of Parliament
is in Older Canada, separated by
great distances from the Western
Provinces, where the nation of the
future is in the making, and it is
not an imperative necessity, certainly
it is of great national importance that
every member of the Senate and
Commons should understand Western
conditions and Western problems.

A Good Clubbing Offer.

The Women's Page of The Toronto
News is one of the charms of that
great Metropolitan newspaper. Some
of the most capable women journal-
ists in Canada are members of The
News staff and contribute regularly
to this department. The Inquirers'
Corner, in which answers are given
daily to all sorts of questions, is a
feature of this page. The NEWS also
makes a special feature of its fashion
plates and provides a daily menu,
which has proved an invaluable sug-
gestion in the homes of thousands of
the readers of this paper. The
Women's Department covers all the
Social News of Canada and the News
of the Women's World. A particu-
larly strong feature in its Saturday
issue is maintained under the title of
Furbelows and Fancies, which is
crowded with valuable suggestions on
showering and where young shop-
ping could be most economically and
effectively done.

In addition to this The NEWS car-
ries an exclusive Telegraphic service,
Continental and Imperial, and world
wide in scope.

We have just completed an arrange-
ment whereby we can offer The Tor-
onto News and The Red Deer News
for \$2.20 a year. This is a splendid
clubbing offer.

A painted house differs from a painted
face inasmuch as it looks
respectable.

We have in stock a full range of

STEPHENS' PAINTS

which will produce on that house of
yours, the acme of respectability.

Mrs. A. R. Stent and Fred L. Ray, Props.
Greene & Payne, Trustees.

WEDNESDAY, OCT. 12th, 1910

ONLY A HANDCLASP

When the heart is full, and death unfurls its gloomy banners to the evening sky, then it is that the handclasp of the tried old friends, vibrating with sympathy that could not be expressed by a thousand words, stirs one's soul to its utmost depths. Oh, if the beautiful language expressed in the handclasp could be written in words.

God's heavenly language would be brought to earth, the departed would leap for joy, and the mists of doubt would be rolled away from many a heart, and this old world of ours would be illumined with so great a light that sorrow would be vanquished, and many a weary one would be comforted.

Thus the warm handclasp of tried old friends, out of sympathy for the departed last week, was as a pebble thrown into the limpid waters of the lake the ripples caused thereby go on and on to the furthestmost shore, so will the wireless waves of these sympathetic handclaps go on and on, until the highest mountain peaks cannot contain them, and they will continue to go on to all eternity.

CHILD LABOR AND EDUCATION

The investigations leading to amendments in Factories Acts of various countries unearth ghastly facts in connection with child labor. Little children who do not know how to play, children whose faces are never lit with a smile, wan, weary, little bodies with barely enough life for locomotion—they rise early, report at factories where they are hatched up with the rest of the machinery and wearily grind out the long day. They are deprived of sleep, are given husks and hells.

Is it a dream or where did we hear it, that some one of the name of Christ long ago blessed little children? The manufacturer who builds up any part of his business from the life blood of little children is an octopus, a curse and a menace to civilization.

Moral strength is largely dependent on physical strength. If these workers do not become utterly extinct, what sort of citizens will the next generation be?

Canada as yet knows and tolerates no such degradation. It is the aim to utterly forestall conditions which will result in the deterioration of Canadian citizens. Canada is the nation of the twentieth century. There are certain advantages in this, for Canada would learn of other nations and endeavor to shun their mistakes. This evil cannot be grappled too soon!

of each citizen. See to it, then, that your child has every opportunity of growing into a citizen of whom you and Canada will be proud. Be aggressive in the interests of childhood. Keep a kindly eye on your children's companions; see that they are sent to school regularly.

We have a noble system of education. We, who have been educated in it, who have never been out of Canada, who have never borne the burden and difficulties of many other educational systems cannot duly appreciate our opportunities. Let us make the very best of them.

The Children's Aid Society is right in line with the crusade for education. If you know of any boy or girl under fourteen years of age who is put to work instead of to school, report to the Society and the agent will investigate impartially all the circumstances of the case and spare no effort to have the child get a square deal.

Most of us have needed all the education we ever received, and those who have been hampered for lack of it, know the child's needs. By giving this matter sharp attention we shall keep the worm out of the prairie rose.

ATTEMPT TO DRIVE OUT OLIVER

The Sifton brothers are after the scalp of the Minister of Interior. Perhaps the reason is that Premier Sifton of Alberta would like that portfolio for himself.

It is generally understood that Mr. Oliver will not resign from the Cabinet unless he is forced and unless the issue is big enough so that he can retire with dignity. The Tiffins and Tompkins, it is understood, have been at work to provide that issue. It seems that Mr. Oliver, along with other politicians in Alberta and Saskatchewan, is in favor of handing over the Hudson Bay Railway to the Mackenzie and Mann interests. The Siftons oppose this, and they have the assistance of a considerable body of public opinion in the west.

It is apparent, therefore, that if the railway is not given to the Canadian Northern people, Mr. Oliver would have no other course but to resign.

The issue may go against Mr. Oliver because of the fact that the Minister of Railways and the Premier are both well known to be not too enthusiastic regarding the Minister of Interior, who has made some bad breaks during his term of office.

Altogether the situation does not seem to be pleasing for Mr. Oliver. He and Hon. Clifford Sifton have never been in love with one another. Which will win in the contest for the scalp it will be interesting to watch.

GLEICHEN AND MACLEOD.

The elections in Gleichen and Macleod last week broke even, Macleod electing Patterson, the farmer candidate who opposed Maunsell, the Liberal candidate, by 81 votes. In Gleichen, McArthur defeated Riley by 204 votes. The utmost power the Liberal machine could exert, was brought to bear against Riley, because it was contended the Sifton government could not survive a defeat in both constituencies. Under the circumstances, the Liberals Mr. Riley looked to for support failed him at the last and returned to the fold, and some Conservatives voted for Mr. McArthur, as both men were Liberals, the one supporting the government would get most for the constituency.

A SPLENDID SUGGESTION

If all the farmers in Canada should move to Alberta and establish farms there as large as those they now cultivate, there would be room for them and to spare. All the rest of Canada would then be available for new settlers.—Victoria Colonist.

Mr. Bourassa is furious, says the Colonist, because the new Roman Catholic Archbishop of Ottawa, Mgr. Gauthier, is not wholly of French extraction, his mother having been Scotch; and because he is not of French education, having been brought up as English priests usually are. Mr. Bourassa also calls upon French people to deposit their money only in French banks. Mr. Bourassa is illustrating how one it is that, if a man is given what rope he wants he will hang himself.

An item from New York City contains food for thought, for what is true of conditions in New York, is or may be—true of other centres of civilization. According to this dispatch an analysis of the soda water sold by street vendors in New York shows that it contains no less than 10 per cent alcohol. Ordinary beer contains from 4 to 5 per cent of alcohol. Young children and grown people who would not touch liquor for any consideration, consume many thousands of gallons of this "soda water" annually.

DEATH OF ARTHUR HIVES

Killed Wednesday in a Runaway Accident.

We copy the following very complete and kindly report of the sad event from the Red Deer Advocate of Friday last.

The general sympathy of the town and district will go out to two of the oldest and most highly esteemed families in the district in the awful sudden bereavement which befell them Wednesday afternoon in the taking-off of Mr. Arthur Hives, of Penhold, chairman of Local Improvement district 10-7-4, from internal injuries received in a runaway.

Mr. Hives had passed his turn for the threshers on to a neighbor, who

THE LATE ARTHUR HIVES

was more in need of them, and had gone in on Wednesday from his farm three miles west of Penhold to the village to get some chopping done.

On his return he was passing the gate of his old partner, Mr. Cartmell, about a mile from the village, and got down to open the gate to speak to Mr. Cartmell, when the young bronchos started. Mr. Hives jumped for the wagon, and was reaching down from his load to get the lines when the wheel dropped in to a rut and he was jolted off in front to the ground, the horses kicking him and the wheels going over his body crushing him about the kidneys and the lower part of the lungs, causing fatal internal injuries.

Mr. Cartmell, who saw him fall, and Mr. Mrs. Gosling, who were driving near, were quickly on the spot, and recognized the serious condition of the semi-conscious man. He was driven back to his brother-in-law, Mr. Norman Stewart's in the village, and Dr. Collison and Mr. J. A. Carswell, Mrs. Hives' father, went down from Red Deer in thirty minutes, arriving to find him still alive, but he passed away within half an hour of their arrival. The ribs had been broken into the lung on one side, and the agonized tossing of the unfortunate man had naturally aggravated the hemorrhage which in a short time drained his life. The very sad news was broken to Mrs. Hives by her father, and she and her children were brought to her father's home in Red Deer. The body of Mr. Hives was also brought to Stone's undertaking parlors in Red Deer, whence the funeral took place this afternoon to St. Luke's church, and then to the Red Deer cemetery, where his father lies buried.

By the sudden taking-off of Mr. Hives the Penhold district has sustained a loss which it will be difficult to overestimate. He had been fifteen years in farming and other business lines in and around Penhold and was a leader in every good work. The eldest living son of his family he had preceded them from England to Canada, and he had prepared the way for the coming of his parents, his brothers and his sisters, some years after. He had been chairman of the Local Improvement district, which surrounds Red Deer, on the south and east, for three years. He was chairman of the Penhold school

board and President of the Rifle Association. He was a church warden of St. George's Church, Penhold, leader of the choir and a delegate to the Provincial Synod. In all his private and public responsibilities, he showed an example of energy and integrity which made his faithful service most valuable to the community. A man of much more than ordinary strength and spirit physically and mentally, he was fearless, frank, and in downright earnest in all his duties, and his bright smile and kindly manner aided to make him a general favorite.

He was married at Red Deer in 1907 to Miss Alice Carswell, eldest daughter of Mr. John A. Carswell, publisher of the News, and chairman of the Red Deer Public School Board, and of Mrs. Carswell. On his side there are left his mother, six brothers, and five sisters—Mrs. Stiggins, west of Innisfail, Mrs. Arch. Walker and Mrs. Norman Stewart, Penhold, Miss Nellie Hives, now relieving at the Red Deer Memorial Hospital and Miss Kitty Hives, at home. He was 35 years of age. Especially to the so sorely bereaved widow and her two little ones will

great sympathy go out in this sad event.

THE FUNERAL.

The funeral on Friday afternoon was largely attended. St. Luke's church being crowded to the door. The services were taken by Rev. Mr. Whitehead, of Innisfail, assisted by Rev. Mr. Moore, the pall bearers being John Greening, Geo. Quinlan, L. J. Carswell, W. Whiteside, J. Reeves and W. Kennings. Dignitaries of the Penhold Rifle Association and United Farmers' Association followed the hearse on foot. The casket was completely covered with flowers, among them being a wreath from the U.F.A., from the Rifle Association, and a floral cross from St. George's church. Mr. and Mrs. Charles Wilson and Frank Wilson, of Penhold, sent a beautiful pillow of flowers. Mr. and Mrs. N. Stewart and Miss Hives and other members of the family sent wreaths and flowers.

Red Deer U.F.A.

At the U.F.A. meeting on Saturday there were present Messrs. Bower, in the chair, Julian Sharman, Lamont, Jamieson, Smith, Chapman,

S. Wilson, McBlane, W. Evans, Galbraith.

The Secretary was instructed to write the C.P.R. and, if necessary, the Railway Commission, re water for the stock yards.

The President will co-operate with Mr. Greene, President of the Board of Trade, to prepare a requisition, if deemed advisable, for the establishment of a custom flour mill by the Alberta Pacific Elevator Co. at its Red Deer mill.

Mr. Bower reported concerning the renting of the Alberta Grain Co. elevator for storage. The Co. wanted to sell.

The Secretary will look after membership fees and procure U.F.A. buttons.

Mr. Bower reported that there was still half a car of woven wire fence on hand.

The U.F.A. are anxious to have a big delegation wait upon the Government at Ottawa to press tariff reform and other requests, and hope to line up all farmers going east this winter to visit friends. Mr. George Henderson was appointed a delegate.

Mr. Chapman, Penhold, could find no sale for his potatoes Saturday. Mr. Bower was satisfied, from his enquiries, that farmers could easily have got 75c a bushel if they had

listed them with the Co-operative Association, and if he could have depended upon getting the potatoes after he had sold them. He would not be afraid to get 75c. f.o.b. Red Deer even now in carload lots.

The Executives of the U.F.A. and Co-operative Association will endeavor to arrange for a district U.F.A. meeting at Red Deer during the time of the I.L.D. convention here on October 20, to discuss the Government Pork Packing plant, co-operation, etc.

Mr. Bower had word that only one quarter of the required number—50,000—to ensure the proposed Government Pork Packing plant had been subscribed. The meeting debated what measures should be taken to increase the guarantee list in this district.

CORRESPONDENT WANTED.

The Albertan is desirous of getting a correspondent in the Red Deer district. Any person wishing to act in such capacity, address: News Editor, Albertan, Calgary, for information regarding remuneration and requirements.

R. C. BRUMPTON

PORTUGAL A REPUBLIC.

Officially Proclaimed
Thursday Last.

Madrid, Spain, Oct. 6.—Official advice received this afternoon, states that the republic has been proclaimed and that the indications are that the struggle is reaching an end. The revolutionists have triumphed and the republican government is re-establishing order.

The republic of Portugal was proclaimed also this afternoon at Oporto. One of the new ministers in the Lisbon government is touring the country urging the people to remain quiet. Only troops on their way to join the revolutionists are allowed to enter Lisbon.

Gibraltar, Oct. 6.—King Manuel of Portugal is now under British protection. The Portuguese royal yacht "Amelia," having on board the King, Queen Mother, and the Duke of Oporto, arrived in harbor at eleven o'clock this evening. Shortly afterwards the King and Queen Mother came ashore and drove to the summer residence of Governor Sir Frederick Forestier Walker, at Europa Point.

London, England, Oct. 6.—King Manuel, of Portugal, is to-day an exile from his capital for the moment, at least in the undisputed control of the revolutionists.

Public order has been restored at Lisbon and the population are peacefully celebrating. Premier Teixeira de Sousa this afternoon formally relinquished the reins of government to the provisional president, Theophile Braga, and his associates.

This much is known from the few cable despatches that the censor has permitted to go out of the capital and from wireless messages sent from vessels in the harbor.

Is Protestantism Declining?

To the Editor of The News.
Dear Sir—I think that Father Vaughan in his lecture before the Catholic Sailors' Club, of Montreal, touched upon one truth of vital importance to Protestantism and Canada, when he said "Protestantism was commencing to decline by tearing Christ and divinity out of their religion."

Is Protestantism declining? If so, what does it mean to Canada? I believe that Protestants were so named because they protested, among other things, against the misuse of the powers of the Catholic church in trying to rule the state. Does it then mean that the declining of Protestantism is the warning of the day of returned church rule?

so, and I see it in no other way, then it should awaken every freedom-loving man and woman in Canada. It should awaken the church, and especially its ministers, to a sense of their duty, because upon them largely rests the growth or decline of the church and the cause.

But is it true that Protestantism is declining? In numbers, positively no; in influence, I am not so positive that it is not, in fact, I fear it is. I do not think the church is declining in popularity, but fear that it does not influence the lives of men as it did in days gone by.

Father Vaughan says, "that it is because the Protestants are tearing Christ and divinity out of their religion."

I think "tearing out" is hardly the proper term to use. But I do think he touched upon a truth of vital importance to the church.

It is a common saying that higher criticism is creeping into the church, but it seems to me that it is not creeping, but walking in, with little notice and to the cause.

If Christ and divinity are being separated in any way from the church, then, in my opinion, higher criticism is the cause.

I know higher critics tell us that their teachings will not injure the influence of the church. But I cannot see it in that way. If you take part of my bible, you can have it all. If Christ was not divine, then I do not believe he arose from the dead. Therefore I have no faith in him. Why then try to live up to the high standards of the church? Just keep your name on the church register and be popular.

I wish to be mild and charitable, yet I fail to see the difference between higher criticism and infidelity. If I am wrong, will some one kindly explain through the News or some other local paper.

I think the matter should have been taken up before now. I have seen articles in the papers advancing higher criticism, written by ministers of influence, unopposed. In my opinion higher criticism is sapping the influence of the church. Can the Dominion afford this loss?

AMOS WILTON,
Great Bend.

BULYEA RECEIVES
REAPPOINTMENT

Ottawa, Oct. 4.—At this afternoon's meeting of the cabinet council, Lieutenant Governor Bulyea was re-appointed for another five years' term as lieutenant governor of Alberta, and George Brown, barrister, of Regina, was appointed lieutenant governor of Saskatchewan, in succession to Lieutenant Governor Forget, who retires after long tenure of office as lieutenant governor of the northwest territories and subsequently of Saskatchewan.

To Open Brazeau Coal Districts.

(Calgary Daily News)
That the Canadian Northern Railway intends to open up the rich Brazeau coal fields in this province is practically assured. At the present time an application is being made to the legislature for a charter for "The Canadian Northern Western Railway Company," to construct a line from Edmonton or Strathcona to a point on the boundary line between Alberta and British Columbia, at, or near the

Pine or Peace River Passes and under this charter it is proposed to construct a line from a point on the Canadian Northern line between Edmonton and Calgary, to a point at or near Rocky Mountain House, and from there to the Brazeau and Macleod rivers, and along these rivers to a point on the C. N. R. main line west of Edmonton. The charter also asks for power to construct any branches necessary from their lines into the various coal areas in the vicinity. It is generally conceded that the road is really part of the Canadian Northern system.

Praises Zam-Buk

How It Healed a Terrible Burn.

From top to bottom of the great British naval ladder Zam-Buk is known and used. Admirals and stokers alike have proved its value, as the foregoing and the following show:

Stoker Kingsnorth, of H. M. First Class Cruiser "Cochrane," says:—"One day I slipped and fell with my arm on an exhaust steam pipe, which fairly fried the skin. At once the ship's surgeon dressed my arm, but from the first, the burns took the wrong way, owing to a lot of coal dust and dirt from the pipe having got embedded in the flesh and setting up blood-poison. A large scab appeared, and from underneath the festering flesh matter oozed out. I was in fearful pain and didn't know how to get ease."

"For weeks I remained under treatment, but the ordinary ointments proved no good for my arm. Indeed, I got worse, and I became alarmed at the spreading of the poison. I therefore obtained a supply of Zam-Buk and almost as soon as this was applied I got ease. From the very first application, healing commenced; and a few boxes of Zam-Buk healed my wound completely."

No matter in what occupation or stage of life you may be, for skin injuries and diseases of all kinds you will find Zam-Buk is the latest and best in scientific healing. That is why it is so popular to-day. Mothers should see that it is always handy in the home. It is a proved cure for eczema, ulcers, abscesses, ringworm, poisoned wounds, tetter, itch, bad leg, varicose ulcers, suppurating wounds, cold sores, chapped hands, babies' sores, inflamed patches, etc. Zam-Buk is also a specific for piles. All druggists and stores at 50c. box or post free from Zam-Buk Co., Toronto, for price. Refuse all substitutes and harmful imitations.

W. B. HAMILTON MODEL SHOE.

LAUNDRY

Your Negligee Shirts Look Better
when they are laundered by us than is possible when they are done up at home, or by hand. We make your shirts without fading them, if colored. We attach them to just the proper stiffness in only the places where they are designed to be stiff. And we iron them so they fit, feel and appear neat, comfortable and new. We make the bosoms lie straight and flat, with every plait in place; and we shape the cuffs to fit your wrist and give them a finish and stiffness equal to that of your collar.
Send your negligee shirts, with your other work, to the
RED DEER Steam Laundry.

New Provincial Hockey League Will be Formed.

(Edmonton Journal)

A movement has been started in Calgary to organize an all-provincial Hockey Association to be governed by rules and conducted in a manner similar to the Ontario Hockey Association. The scheme has received the sanction of the Amateur Athletic Association, and nearly all the clubs in Southern Alberta expressed their willingness to affiliate with the new organization.

It is proposed to divide the province into as many divisions as necessary with so many teams to each division, each section playing a schedule and then playing off with each other for the championship of the province. This method it is believed will decrease travelling expenses to a minimum and give all the teams a fair chance for the championship trophy, which has already been secured.

Following is a suggestion for the division of the province into eight leagues for each of which there could be four teams, Medicine Hat, Lethbridge, City of Calgary, Calgary District, Red Deer, or Central Alberta, St. Albert, Edmonton, Edmonton and Lloydminster, could each form a section playing a schedule of its own and trying out with the nearest for the championship.

Calgary has a city league of four teams and enter one in the Calgary District League, Edmonton can have a four team league and enter a team in the Strathcona district, or if there are not a sufficient number of players in either Calgary or Edmonton for five teams, limit the city league to three teams and put the fourth into the district division.

A trophy in the shape of a challenge cup has been secured for the winners of the Provincial Championship. The cup it is said will be one well worth playing for, and should create a close competition.

A meeting of the representatives of the different hockey clubs in the province will be held shortly either in Calgary or Edmonton to make the final arrangements for the organization of the league. If good energetic officers have charge of the destinies of the association, without a doubt it will be a brilliant success.

THAT G.T.R. AGREEMENT.

Ottawa, Sept. 28th.—When the much advertised Minister of Labor entered into the contest between the Grand Trunk Railway and its striking employees, it was constantly remarked that the men would go to the limit, and that they would be to their advantage but their position would be given back to them just as they were before the strike.

All this proved to be mere small talk furnished up for the sake of making 'political capital. Only a very few of the men have got back their positions, and it is up to the Minister of Labor to explain why he advised the employees to agree to an arrangement which was intended to beggar some of them, and to leave the rest of them in a worse position than they were in before the strike.

To help Mr. McKenna King out he is constantly being referred to as the "boy minister." As a matter of fact, he is almost forty years of age. Mr. Lemieux was much younger when he was appointed to the Cabinet, so were Hon. Geo. E. Foster, the Premier himself, and quite a number of successful administrators. Hon. Richard McBride was much younger when he became Premier of British Columbia.

A SIMPLE REQUEST

Backward, turn backward, O Time, in your flight.
Make me a boy again, just for to-night.
Give me a go at the food that they fry.
Let me make bold with a green apple pie,
Then let me sink to my innocent rest Free from all care as to what I did get.
Confident, even in moments of pain, That mustard or ginger will soothe me again,
Fain would I seek with a juvenile zest.
The cupboard instead of the medicine chest.
And drink from the spring where the germs roam at will.
Instead of from crystal drafts foaming or still.
Give me not wealth nor the badge of the proud.
Nor a place on the platform, high over the crowd.
But give me, oh, give me, my old appetite—
Make me a boy again, just for a night.

NEVER DISAPPOINTS.
Parisian Sage is the Favorite Hair Tonic Wherever Sold.

And why shouldn't it be? Any preparation that is guaranteed to cure dandruff, stop falling hair and cure scalp in two weeks, or money back, and that does what it is guaranteed to do, ought to be the favorite and also the best seller.

The girl with the burn hair is on every package of Parisian Sage, who are the agents in Red Deer, will sell you a large bottle for 50 cents on the money back plan, or you can get it direct, all charges prepaid, from the Canadian makers, the Giroux Mfg. Co., Fort Erie, Ont.

Women who desire beautiful, lustrous and soft, fluffy hair in a week's time should use Parisian Sage.

It gives life and beauty to any woman's hair, and is a most delightful and daintily perfumed hair dressing, and is not sticky or greasy.

Prices Paid for Forty-niners.

Here is the price list on the "carte" of the Eldorado hotel of Placerville, Cal., in the days when it catered to the forty-niners. "Payable in advance." It proclaims: "gold scales at the end of day."

"A square meal, with dessert," is priced at \$3, and other items that probably interested the patrons of the Eldorado are set forth as follows: Beef, mean prime cut, \$1.50; beef, along, \$1.00; beef, plain, \$1; beef with potato, \$1.50; beef, two, \$2.50; beef, from the states, \$1.50; also two potatoes, medium size, 50 cents; two potatoes, medium, 75 cents; hash, low grade, 75 cents; hash, 1st class, \$1; rice pudding, plain, 75 cents; rice pudding and brandy peaches, \$1—Los Angeles Times.

Eleven in a Bed.
In early Victorian times the workman was accustomed to rough it. Isabella Fyvie Mayo in her "Recollections" mentions that one flourishing firm of bakers—patronized by royalty—kept eleven men and had only one bed for them all. During the twenty-four hours they occupied it turn and about. One of these unfortunate men was generally in Charing Cross hospital, and the "master" got a reputation for generosity by his yearly subscription to its funds.

Very Likely.
Albert—A dog that runs under a carriage is called a carriage dog. Is not it?
Egbert—Certainly.
Albert—Well, what would you call a dog that runs under a motor car?
Egbert—Why, a dead one.

Economy of Time.
Friend—I say, one of your clocks is slow and the other's fast. Young Lawyer—Yes, I start work by the slow one and stop by the other—Life.

Discretion of speech is more desirable than eloquence.

ARAB ENCAMPMENTS.

The Crowded Tents in Which the Shepherd Warriors Live.
Arabs are true humanitarians. Their life is a constant wandering. They are nomads, and their tents are their homes. They are quick to take up and put up a tent of transport. They are made of camel's hair, loosely woven, supported on poles or long ropes. They protect the occupants from the hot sun, but not from the rain, and in winter the encampments are uncomfortable on account of the cold.

The interior is crowded with all the belongings of these shepherd warriors—camel saddles and gaudy saddle-bags, rifles and ammunition, hunting dogs and fowls. The women occupy one half; the men use the other, partitioned off by a brightly colored curtain. The whole of the front of the tent being open, there is no privacy. The average tent measures twenty yards by six.

The chief of the tribe, however, owns many tents, and he has for his own use one of great stature, sometimes spread over a length of thirty-six yards. In his other tents the chief keeps his numerous wives, who have a certain proportion of their master's flocks and herds to look after. Having a separate tent for each wife, he thus does away with all chance of domestic quarrels.—Argonaut.

THREE YEARS LATE

A Train That Won the Behind Time Record Medal.
A train of a railway system in the southwest once arrived at its destination nearly three years late. The circumstances were these: The train left, just across Galveston bay from Galveston, on Sept. 8, 1900, and was caught in the great storm that so nearly destroyed the Texas city. Bolivar is several miles from Beaumont, which was the point of the train's destination. Before the train had traveled far on its journey it was caught in the storm. Thirty miles of the track were washed away, and the train was left stranded on a sandy waste. Many persons who lived on Bolivar peninsula were saved from death by taking refuge in the train. After the storm subsided they walked to Bolivar with the passengers, but the abandoned train was left on the primeval forest.

The storm bankrupted the railway, and no effort to rescue the engine and cars was made until 1903. Had not the road suffered so seriously in the storm the property would have proved of great value a few months later, when oil was struck at Beaumont. In 1902, however, the road was abandoned, when the train was drawn into Beaumont, where it was greeted by a cheering crowd.—New York Press.

The Diplomatic Room.

One of the most interesting and most visited places in Washington is the Diplomatic Reception Room, the department of state, where the secretary of state transacts his business with the envoys of foreign governments. This room is close to the west end of the building, and looks southward to the Potomac. The Washington monument looming up with stately effect at the rear of the building. The room is apart from the diplomats, who are received in this famous room by the secretary of state or the official who may be acting in his absence. The room itself when not occupied by the foreign representatives is open to the public. It is most of our treasures of recent years have been signed, and many have been the notable assemblages gathered within its walls.

NEVER HAD PAJAMAS.

The Congressional campaign has revived a lot of old stories told by the late Col. A. K. McClure, veteran newspaper man. One of which he often told relates to the time of the Spanish-American war. The ladies of Anshobohoon were engaged in making a supply of pajamas for the soldiers of a favorite regiment.

"My boys have always worn night shirts," said an old lady, busily stitching on the modern garments. "I hope they'll know what to do with these."

The general was duly sent to Cuba, but no word reached the ladies from the supposedly graced wearers of the "robes de nuit." They waited a month, and then wired Col. A. K. McClure, who hailed from Anshobohoon:—"Anxious to know if you got the pajamas last month."

The Colonel read the telegram and marvelled. He was a whole-souled citizen but was nothing near the night-shirt when he slumbered. He would nip a slander in the bud; his wire read:—"Story is a lie out of whole cloth, probably made up by enemies to ruin me politically. Admit me not to total abstinence, but never had pajamas last month or any other time."

The National Magazine.

SHOW DATES.

Shows now booked at the Lyric for the following dates:
October 12—Bassett Minstrels
October 22—The Juvenile Bostonians
November 21—The Welsh Choir.
December 7—The Dixie Jubilee Singers.

A SHORT YEAR

In Ontario, save in a few isolated cases where local storms have caused heavy damage, the year's returns from the farm promise to be up to if not beyond the average. As to the North American situation is very different. In most of Manitoba, and in large portions of Saskatchewan and Alberta the situation ranges from partial to total failure. In the North Western conditions are quite as bad. There the facts are plainly recognized and banks are already arranging to carry their customers over for another year and wholesale and retail merchants are providing for reasonable extensions of credit. The facts in regard to our own West will also have to be recognized sooner or later. There, as well as in the North Western States, there will of necessity have to be a shortening up to new purchases and an extension of time in paying for those already made. The effects will not be confined to some little section of the West. The influence will extend over a much wider area. In Canada, however, the injury will be much less serious than in the United States because the year's losses will be so largely offset by the inflow of new capital and additional population, due to the tide of immigration that has set our way. Still there is bound to be some shortening up in general activity in Ontario cities as result of lessening in the purchasing power of the West and this in turn will have an effect on the local demand for Ontario food stuffs.

The most immediate and pressing lesson that is borne in by the existing situation is need of making every possible pound of corn fodder, of saving the last pound of hay and of making the most of grain and root crops. There is an actual famine of hay in all the Western part of North America; this crop is, indeed, short all over the United States, and the Canadian West is not likely this year to have cheap oats and barley for sale to Ontario feeders. The Ontario farmer who has his barn and silos well filled with coarse fodder this year stands to do well; the one who is short will be in a bad way.—Says an Ontario paper.

APPROVED BY THE GOVERNMENT.

Ottawa, Sept. 24th.—When Commander Roper, erstwhile a British sailor but now a servant of the Canadian people as a member of the naval service department at Ottawa, made his attack on the opposition at the Directors' Luncheon at Ottawa Exhibition. He did not only with the full knowledge of the minister of the navy, Hon. L. P. Broder, and his Deputy Minister, but these two gentlemen read his manuscript and approved of it before it was delivered. That is, Mr. Broder, the champion blunderer of the Cabinet, got an employee of his department to enter into politics to assist in the making of a speech in case before the people to his advantage and to do as much damage as possible to the Conservative party. The short, fat, Government employee, for campaign purposes, they fired Lord Donaldson for making criticism in public; what will they do with Roper? The matter will make an interesting subject of debate next session.

MISS AGA PHILLIPS, DRAMATIC ELUCIDATION.

Open to engagements for Rentals, Concerts, At Homes, etc.

Local & General

Mrs. C. W. Parks will receive on the second Thursday of each month.

Mrs. H. L. Cunningham, of Vegreville, is visiting her mother Mrs. J. A. Carswell.

Dr. Plaxton was in Calgary Monday with regard to fittings and stock for his office.

H. H. Blanchett, of Vancouver, B. C., was the guest of Mr. and Mrs. G. W. Greene last week.

Ralph George Gunn, of Gaetz Valley, has been appointed a commissioner for taking affidavits.

Chris Reay recently purchased a valuable team of geldings from C. A. J. Sharran for the sum of \$500.

J. H. Ramsey, of the Calgary Electric Lighting plant has been visiting friends in town together with his wife.

Mrs. Dr. Collison Mr. and Mrs. R. C. Brumpton and Miss Peterson visited Calgary to hear Melba last Friday.

Mr. Hamley and Miss Hamley, of Bowmanville, Ont., have been visiting Mr. and Mrs. Irwin Hamley the past week.

Mr. and Mrs. Plaxton, Mrs. Plaxton and L. Plaxton, parents, brother and sister of the doctor who have been paying him a visit returned to Toronto last week.

Driscoll's Hotel, Carstairs, was burned on Sunday morning at 3 o'clock, the guests barely escaping with their lives. Loss \$20,000.

Harry Ellis had a narrow escape from serious injury last Thursday as his horse stumbled on the concrete crossing and threw him on to the pavement. He escaped with several bruises.

James Munro, brother of H. G. Munro, who was shot in the arm near Bowden some weeks ago and came to the hospital is doing nicely although one of the theatrics broke Sunday causing a brief scare.

The Young Women's Guild of the Methodist church will hold musical in the school room of the church on Tuesday evening, Oct. 25th, at 8 o'clock. Admission 25c. Proceeds will go towards the mercy and help department.

J. Gwynn Moore, of Grampound, Cornwall, England, who has been the guest of his son Rev. C. W. G. Moore since his return from England, is greatly taken with the west.

Mr. Moore is an old army officer having visited Prince Edward Island and New Brunswick with his regiment years ago. Great changes have taken place since his first visit.

Charles Larke, of Colborne, Ont., has been visiting his daughter, Mrs. J. H. Menzies, the past week.

Mr. Larke is an old friend of the editor of the News, having been engaged with him away back in the seventies on the staff of the Oshawa Vindicator, a journal conducted at that time by the late J. S. Larke, who was afterwards Canadian Commissioner to Australia up to the time of his death a short time ago. Mr. Larke is manager of the Standard Bank at Colborne, Ont., and was the youngest manager on the staff of this well known monetary institution when he entered the bank. To-day he has the distinction of being the oldest manager in its service. His present holiday is the first he has taken in five years, and he is greatly pleased with the west and thinks we have a great future ahead of us.

YOUR DOCTOR WILL TELL YOU

that in a large number of cases nervousness, headaches, sleeplessness, dizziness, etc., are caused by eye strain.

Nothing will effect a permanent cure that does not remove the cause.

Scientifically fitted glasses will remove the cause and effect a permanent cure.

It is my business to do this. Come and see
H. H. GAETZ, Optician.

The Gaetz-Cornett Drug & Book Co., Ltd.

DR. PLAXTON'S DENTAL PARLORS

will be open for business on Monday, Oct. 17th.

The office has been completely refitted since the fire, with all the latest improvements in dental appliances.

Remember the ten cent tea at Mrs. Stents to-night.

R. Yorke, jr., parents, and E. Blackburn, of Manchester, left last week en route for Red Deer per S.S. Corsican last week.

Ed. Mitzner has his gasoline engine in operation now. He intends to do chopping on certain days.

A number of the farmers in this district are putting teams on the rail road construction work. The camp at Melita will be one of the largest on the western section.

The C.N.R. surveyors are coming this way. They are now camped at Sylvan Lake.

W. Mannix has returned from Batford. His cousin came with him to settle here, bringing a car of stock and effects.

The next U.F.A. meeting will be held on Saturday the 29th, at 2 o'clock in the afternoon.

Blackfalds News.

We are glad to learn that Mr. Jas. Gunn, who has been ill in the Red Deer hospital, is getting strong again. He is now able to walk about a little.

The country east of town is filled with the white tents of the C.N.R. road graders. The work is being pressed forward very rapidly. Tents are now to be seen on both sides of the Blindman.

Mr. Fred Miller is smiling again. It is a girl. Both mother and daughter are now doing well.

On Wednesday evening last the organ was in attendance at the public hall. It was indeed an interesting scene that met the eye of a casual observer, as no such costumes had ever been seen here before.

Many of those present failed to note the peculiar tastes of Judge Ragman and were fined accordingly. Games took the attention for some time, and after a short programme of readings, songs and music, a light refreshment of cake and coffee sent home happy the large number who attended.

On Sunday evening last Mr. Eakin, the new Presbyterian minister, preached his first sermon to a large audience. He recited "Childhood's Dream" in a manner that held his listeners fast to the end. We welcome Mr. Eakin to his new work, and we look for a prosperous pastorate.

Friday evening next, 14th inst., will see the Methodist Ladies' Aid providing their annual chicken supper and concert. Chickens are being collected by the dozen. The ladies are serving cooking good things, and Mr. Riley McCall is coming to provide the entertainment of readings, impersonations, violin selections, etc. This is one of the great events of Blackfalds, and a large crowd is looked for. Supper in Mr. Shular's store. Concert in public hall.

P. B. Warren has struck a splendid artesian well on his farm, two miles south. E. Mitzner, of Ekville, while digging a well for him struck a splendid stream of water at 40 feet deep. The flow was so great that a nice little field is running.

Harvesting is all done and a fine yield of grain has been the result. Stock is all looking fine in this district, and farmers are well advanced with their fall plowing.

Real estate has taken quite a boom owing to the A.C.R. starting construction in our neighborhood. Lookie Martin is forman of the camp.

BURRINGTON.

Robert Page drove a party out to Messrs Burrington Bros. ranch at the beginning of the week for a few days shooting. The party consisted of Capt. Stirling, Capt. Alleyne and J. B. Herbert, chink. The shooting proved to be very good and the bag consisted of 80 ducks, 10 chicken and several partridge. Capt. Stirling had bad luck in the flight shooting, nearly all his birds falling in the brush and being lost, also several of them mysteriously disappeared. Who might have proved a serious accident befel Jack Herbert, he foolishly kept his matches and cartridges in the same pocket, and in a moment of distraction he put his lighted pipe in amongst them. The matches caught fire and burnt through a cartridge, and bang! you couldn't see Jack for smoke. Capt. Alleyne after an uncontrollable fit of laughter, plucked him up and wrapped a handkerchief round the victim, thus putting out the fire and saving Jack's life. The ex-hotel keeper proved to be none the worse for his unpleasant experience and the damnable amount to a hole in his Sunday trousers.

Squire Page is as hale and hearty as ever. He has been in the country for over 25 years, but his longevity has been here considerably longer.

Mr. Edwin Greenwood had an unwelcome visitor in the shape of a skunk to his house on Wednesday. Who calmly took possession. Mr. Greenwood taking up his quarters in the stable. Later information states Mr. G. has vacated the stable and advanced as far as the hen house.

CARDS OF THANKS.

Mr. and Mrs. Fiske and family, of Hilldown, express a hearty expression their heartfelt thanks to the many friends who have extended such kindly sympathy to them in their recent bereavement.

Mrs. Arthur Hives desires us, through the columns of the News, to thank the many friends who have extended to her help and sympathy in her sore bereavement. So wholeheartedly, so spontaneous, so universal has this sympathy been that it has gone far in comforting her in her hour of sorrow.

MARRIAGE.

An interesting wedding took place at the Presbyterian Manse, Red Deer, on Friday evening, Oct. 7th, at 8 o'clock. The contracting parties were Mr. Alexander Robertson, of Calgary, well known traveller for the Brackman-Ker Milling Co., and Miss Mary Elizabeth Leard, recently from Boston. The ceremony was performed by the Rev. W. G. Bruce. Mr. and Mrs. Robertson will make their home in Calgary.

Edwell U.F.A.

The monthly meetings were resumed on 21st September, after being suspended since June on account of the members being too busy to attend.

The attendance on this occasion was not what it should have been and it is to be hoped members will put in a good attendance on October 19th.

Three reports from the Executive were read and some discussion took place on them.

The following resolution was placed on record:—

"That this Union protests against the number of horses being used by threshers helping when threshing on account of the wastage of feed and grain caused by them and requests Threshermen to note this."

The meeting then adjourned to Wednesday, October 19th.

F. J. Powell, Secretary.

COWS WANTED.

Any number of good fresh milk cows wanted at once. Must be good milkers.

F. C. BRAZIER,
One mile north of Clearview school.

NOTICE.

Tenders will be received up till Oct. 15th for the putting up of the comfort felt in the Hilldown school house. Full particulars can be obtained from the secretary-treasurer. Lowest tender not necessarily accepted.

J. F. EDGE PARTRINGTON.

NOTICE.

I will trade my farm, with good improvements, and new seven-room house, telephone installed, and on main road to town, for improved or vacant property in Red Deer. For further particulars apply "Owner," News Office, Oct. 4.

WANTED.

To trade sound good mare, weight 1750 lbs. when in condition, in foal to registered Percheron stallion, for active mare weighing about 1500 lbs., sound and true. Apply to H. W. S. and Son, livery barn, 1w.1.

NOTICE.

Under and by authority of the Hon. Duncan Marshall, Minister of Agriculture, I hereby call a meeting to be held in the Oddfellows' Hall, on Saturday, Nov. 12th, at 2 p.m., for the purpose of reorganizing the Red Deer Agricultural Society of 1910.

(Signed) A. P. OLSEN.
Red Deer, September 27th, 1910. 3v

SHERIFF'S SALE.

Province of Alberta to Wit: By virtue of a Writ of Execution issued out of the Supreme Court of Alberta, Judicial District of Calgary, at the suit of Crown Lumber Co., Ltd., Plaintiff, and Michael John Quinn, Defendant, and to me directed against the lands of Michael John Quinn, I have seized and taken into Execution the following lands, namely: Lots numbered 5, 6, 7, 8, 9, 10, and 11 in Block 4, according to a plan of subdivision of part of the Township of Red Deer of record in the Land Titles Office for the North Alberta Land Registration District of Plan H. H. 5, 6, 7, 8, 9, 10 and 11 thirty lots of Lots 8, 9, 10 and 11. Lots 5, 6, 7 is situated the West hotel and barn; on Lots 8 and 9 is situated a garage; on Lot 10 and 11 is situated a cottage. These lots as now fenced are the lots being sold, the westerly thirty feet not being enclosed.

The property is subject to the following mortgages: Lots 5, 6 and 7 are subject to a mortgage for \$1500.00; lots 8 and 9 are subject to a mortgage for \$500.00; lots 10 and 11 are subject to a mortgage for \$500.00; all the above lots are subject to a mortgage for \$500.00.

Particulars of the above mortgage accounts can be had from the undersigned.

Which I shall expose for sale on Tuesday, the twenty-second day of November, at the Sheriff's Office, Red Deer, Alberta, at the hour of 2 o'clock p.m.

C. P. MEELOR, Deputy Sheriff,
Red Deer W. J. D.
Sheriff's Office, August 22nd, 1910.
